# 80,000 BTU HEATER INSTRUCTIONS

## TO TURN ON THE HEATER

- A. Make sure the propane valve is open. (see arrow)

- B. Turn the heater on. Switch is found on the back side of machine.  
Make sure it is on “HEAT” mode and not on “VENT” mode.

C. Use the thermostat to control the heat.

## TO TURN OFF THE HEATER

D. Make sure the thermostat is at ZERO or turn the heat switch behind heater to the "OFF" position.
